Strategic Plan of the Institution

(Sessions 2018-19 to 2022-23)

In consultation with the Governing Council and after considering the feedback and suggestions from various stakeholders such as students, parents, industry, alumni and from visitors to the college and academic peer, a strategic plan is finalised by the institution for the sessions 2018-19 to 2022-23. This action plan will be implemented in incremental steps as set by the IQAC in its yearly action plans. It shall act as a guide for the institutional activities during the years specified and all the bodies of the institution are expected to set their objectives for the term accordingly.
